

“SANDBAGGERS” NEED NOT APPLY.

***SHOOT TO YOUR HANDICAP IN WCGT
TOURNAMENTS AND WIN BIG.***

In 2009, if you played in all 26 WCGT regular, one-day handicap tournaments and shot your handicap (usually a net 72), you would have won \$3,895 in our Eagle Flight (usually handicaps between 0 to 9 or 10); \$3,240 in our Birdie Flight (usually handicaps between 10 or 11 to 14, 15 or 16); or \$3,380 in our Par Flight (usually handicaps between 15, 16 or 17 through 30). The total of all 26 entry fees was \$4,301 so you would have played 26 rounds of professionally administered, competitive golf on the best courses in the Chicagoland area for prize money and paid a net price for your golf & cart of between only \$15.61 and \$40.81 per round!

These results are a testament to the success of our proprietary handicap system's ability to accurately handicap tournament players and to virtually eliminate "sandbagging". If our players' handicaps did not accurately reflect their current playing ability, a score of net 72 would never be able to generate such winnings.

***IN 2009, OUT OF 1,501 ROUNDS OF TOURNAMENT GOLF,
THERE WERE ONLY 13 SCORES OF NET 66 OR LESS. THAT'S
LESS THAN 1% (0.0087%).***

Our Average winning net score in 2009 was 68.5 and the average net to win money was 74.5.
