

“SANDBAGGERS” NEED NOT APPLY.

***SHOOT TO YOUR HANDICAP IN WCGT
TOURNAMENTS AND WIN BIG.***

In 2011, if you played in all 29 WCGT regular, one-day handicap tournaments and shot your handicap (usually a net 72), you would have won **\$3,935** in our Eagle Flight (usually handicaps between 0 to 9 or 10); **\$4,120** in our Birdie Flight (usually handicaps between 10 or 11 to 14, 15 or 16); or **\$3,085** in our Par Flight (usually handicaps between 15, 16 or 17 through 30). The total of all 29 entry fees was \$4,156 so you would have played 29 rounds of professionally administered, competitive golf on the best courses in the Chicagoland area for prize money and paid a net average price for your golf & cart of **\$15.30 per round!**

These results are a testament to the success of our proprietary handicap system's ability to accurately handicap tournament players and to virtually eliminate "sandbagging". If our players' handicaps did not accurately reflect their current playing ability, a score of net 72 would never be able to generate such winnings.

***IN 2011, OUT OF 1,187 ROUNDS OF TOURNAMENT GOLF,
THERE WERE ONLY 15 SCORES BELOW NET 66. THAT'S LESS
THAN 2% (1.263%).***

In 2011 the average net score to win money was **77.01!**
